Is Your Child too Poorly For School? With the recent sickness and diarrhoea bug sweeping the school, we thought it best to have an NHS guidance section on the Beat to advise you if it is necessary to keep your child away from school.

Sickness and Diarrhoea:

Children with sickness and diarrhoea should stay away from school for 2 days after their symptoms have gone.

How to treat -

Do;

Stay at home and get plenty of rest.
Drink lots of fluids such as water or squash—take small sips if you are feeling sick.
Eat when you feel up to it—there is no need to avoid certain foods.

Don't;

Have fruit juice or fizzy drinks.
Give young children medicine to stop the diarrhoea.
Give aspirin to anyone under the age of 16.
