School Field Fencing Update

You may have noticed the new fencing around our school field. As part of our ongoing commitment to providing a safe, secure, and welcoming environment for all children, we continue to invest in improvements across the school site.

The new fencing further enhances our security measures and reflects the increasing importance of safeguarding arrangements, including considerations linked to Martyn's Law.

We would like to reassure families that the gate will continue to be opened during the summer months, allowing access to the field before school as usual. We will also continue to review and develop our site security to ensure we provide the safest possible environment for the children in our care.

Thank you for your ongoing support as we work together to keep our school community safe.
